

Test-day checklist

Rules differ between test providers. Always read your booking confirmation and the provider's official rules — this list is a reminder, not a replacement.

The week before

- ☐ Confirm the date, time and address (or online system check) in your booking
- ☐ Check the ID document the provider requires and that it is valid
- ☐ Do one full timed practice test
- ☐ Plan your route and travel time

The night before

- ☐ Prepare your ID and booking confirmation
- ☐ Sleep well — avoid late-night cramming
- ☐ Set two alarms

On the day

- ☐ Eat and drink something before you leave
- ☐ Arrive early or start the online check-in on time
- ☐ Follow every instruction from the test staff
